CASPER COUNTRY CLUB

ON COURSE

Hopefully everyone has had a great summer season. As with other departments here at the club we have lost most of our seasonal staff due to school starting back up. We will do what we can to provide great conditions with limited staff.

As we get into September we will start preparing greens for aerification on the 23rd and 24th. There are also a few projects we plan on starting including installing a new wall next to #9 tee box and finishing some rock work at the parking lot.

We are looking forward to some great fall golf weather and making sure the golf course is healthy going into the winter months.

Adam Snively
Golf Course Superintendent

CASPER COUNTRY CLUB

FROM THE GENERAL MANAGER

As the weather starts to change from summer to fall the Casper Country Club will be going through some changes. The start of schools marks the return of many of our employees returning to their studies. With that being said, please be patient with the current staff as we are looking to hire additional employees.

The Snack Bar will close on Tuesday September 3rd. We will be watching the weather and activity to make a decision on a hard date for the pool to close. We will inform you of that date when decided.

Adam Snively, our Superintendent, is planning on doing Aeration on the Greens on September 23rd and 24th. This course maintenance is necessary to ensure healthy turf grass for the 2025 season. Please be patient through this process.

I would like to personally congratulate the following Tournament Winners on their stellar play:

Club Champions:	Men's – Brian Spiva
	Ladies – Donna Reece
	Senior – Jay Nelson
	Derby – Brian Spiva
